

# **Out Yonder RV Park**

## **Pet Policy**

**We welcome your pets, as long as they are current on all of their shots and they are not aggressive.**

**Your pets must be kept within your site and when they are off of your site they must not be allowed to roam unsupervised.**

**You are welcome to put up your own kennel on your site to keep your pet in when they need to be outdoors.**

**We request that if you keep your pet outdoors that they not be a barking nuisance to your neighbors, or bark all night.**

**We reserve the right to refuse and/or will be asked to move if:**

- 1. Pets that create a nuisance**
- 2. Pet owners who do not follow the rules**
- 3. There are too many pets on a site (to be determined by the management).**
- 4. If you continually do not clean up after your pets**

**We are pet owners, but we ask that all of our tenants respect others who may or may not be pet lovers.**

**Thank you, the management**
